

Ballymore Resources Limited

High-grade gold in the FNQ

Ballymore Resources Limited (ASX:BMR) is an exploration company with a portfolio of projects across northern Queensland which range from early-stage target generation and discovery through to resource delineation. BMR's most advanced asset is the Dittmer project located ~20km west of Proserpine in which the company has identified probable extensions to the previously mined orebody at depth and down plunge. BMR says it has multiple drilling programmes planned across its project over the remainder of 2024 and appears sufficiently funded to conduct the exploration work.

Portfolio description

BMR has four projects located across northern Queensland being Dittmer, Ruddygore, Ravenswood and Mount Molloy. They are prospective for a range of mineralisation types including quartz vein-hosted gold, porphyry copper and volcanogenic-hosted massive sulphide (VHMS). BMR recently improved its funding position with Australian mining finance specialist Taurus Funds Management raising a total of US\$6m, comprising US\$5m in royalty funding and US\$1m in a placement, with the total received as of April 2024. [This formed the core of a ~\\$11m capital raising conducted in November 2023.](#)

The Queensland land holdings targeting gold and base metals

Dittmer is a former operating gold mine located ~20km west of Proserpine in northern Queensland and comprises three exploration permits and two granted mining leases. Previous mining occurred until 1951 with the mine producing 54k oz of gold at grades averaging ~151gpt in gold, ~66gpt in silver and ~2.8% copper. BMR has conducted four drilling campaigns for a total of 42 holes for 8,636m on the project and has identified that the Duffer (main) lode has been displaced by a fault and thus been able to show extensions to the ore body at depth and down plunge. The next phase of drilling (eight holes for 1,000m) aims to test the lateral extent. Regional exploration work has demonstrated broader copper-gold in soil anomalies and generated additional targets to be tested. This work should be further enhanced through gradient magnetic and radiometric surveys which are funded through the Queensland Government's Collaborative Exploration Initiative (CEI) grant program. Broader exploration activity includes the Cedar Ridge prospect (20km south of Dittmer) with BMR saying it is currently preparing an RC drilling campaign to commence in July 2024. **Ruddygore** is focused on gold and base metals with historical mine working across the project producing high-grade gold and base metal ores. Prior exploration work by BMR identified a copper-lead-zinc-silver anomaly over a 2.8km x 1.9km area covering the Ruddygore and Black Cockatoo prospects with drilling identifying broad intercepts of copper within the historical Ruddygore mine area. BMR also secured a CEI grant to fund a SkyTEM heli-borne EM survey over the area around the Maniopota prospect which should support the definition of drill targets to be tested later in 2024. **Ravenswood** comprises three project areas which sit between the prolific gold mines of Charters Towers, Mt Leyshon and Ravenswood in northern Queensland. The most advanced prospects within the project areas are Pinnacle, Pinnacle Creek, Day Dawn and Seventy Mile Mount. The bulk of the exploration work by BMR has been mapping and soil sampling with the drilling to date being focused at Seventy Mile Mount. **Mount Molloy** comprises a single granted tenement that covers the formerly producing Mount Molloy copper mine which is a volcanogenic-hosted massive sulphide (VHMS) copper deposit. Exploration work has so far consisted of mapping and soil sampling. BMR has noted that the project has the potential to host other minerals such as tungsten.

Several Queensland-focused, ASX-listed peers

BMR has a number of junior producer and exploration peers operating across northern Queensland which include producer Savannah Gold (ASX:SVG) and explorers Pacgold (ASX:PGO), Sunshine Gold (ASX:SHN) and GBM Resources (ASX:GBZ).

Share Details

ASX code	BMR
Share price (24-Jun)	\$0.16
Market capitalisation	\$28.3M
Number of shares	176.7M
Unlisted options @ \$0.20-0.26	12.4M
Net cash at 30-Apr-2024	~\$9.6M

Share Price Performance (12 months)

Upside Case

- Thick, high-grade strike extensions at Dittmer
- Drilling success at Pinnacle
- Discovery of other critical minerals at Mount Molloy

Downside Case

- Failure to prove strike extensions at Dittmer
- Failure to delineate a suitable MRE and mine scoping study at Dittmer
- Drilling to add further discoveries at Ravenswood project targets

Catalysts

- Dittmer and Cedar Ridge drilling
- Ravenswood drilling
- Ruddygore drilling

RaaS is the entity providing the authorised AFSL services to you as a retail or wholesale client.

What Financial Services are we authorised to provide? RaaS is authorised to

- provide general advice to retail and wholesale clients in relation to
 - Securities

The distribution of this FSG by RaaS is authorized by BR.

Our general advice service

Please note that any advice given by RaaS is general advice, as the information or advice given will not take into account your particular objectives, financial situation or needs. You should, before acting on the advice, consider the appropriateness of the advice, having regard to your objectives, financial situation and needs. If our advice relates to the acquisition, or possible acquisition, of a particular financial product you should read any relevant Prospectus, Product Disclosure Statement or like instrument. As we only provide general advice we will not be providing a Statement of Advice. We will provide you with recommendations on securities.

How are we paid?

RaaS earns fees for producing research reports about companies we like, and/or producing a financial model as well. When the fee is derived from a company, this is clearly highlighted on the front page of the report and in the disclaimers and disclosures section of the report.

Sometimes we write reports using our own initiative.

Associations and Relationships

BR, RaaS, its directors and related parties have no associations or relationships with any product issuers other than when advising retail clients to invest in managed funds when the managers of these funds may also be clients of BR. RaaS's representatives may from time to time deal in or otherwise have a financial interest in financial products recommended to you but any material ownership will be disclosed to you when relevant advice is provided.

Complaints

If you have a complaint about our service, you should contact your representative and tell them about your complaint. The representative will follow BR's internal dispute resolution policy, which includes sending you a copy of the policy when required to. If you aren't satisfied with an outcome, you may contact AFCA, see below.

BR is a member of the Australian Financial Complaints Authority (AFCA). AFCA provide fair and independent financial services complaint resolution that is free to consumers.

Website: www.afca.org.au; Email: info@afca.org.au; Telephone: 1800931678 (free call)

In writing to: Australian Financial Complaints Authority, GPO Box 3, Melbourne, VIC, 3001.

Professional Indemnity Insurance

BR has in place Professional Indemnity Insurance which satisfies the requirements for compensation under s912B of the Corporations Act and that covers our authorized representatives.

DISCLAIMERS and DISCLOSURES

This report has been prepared and issued by RaaS Research Group Pty Ltd. RaaS Research Group's principals, employees and associates may hold shares in companies that are covered and, if so, this will be clearly stated on the front page of each report. This research is issued in Australia by RaaS Research Group and any access to it should be read in conjunction with the Financial Services Guide on the preceding two pages. All information used in the publication of this report has been compiled from publicly available sources that are believed to be reliable. Opinions contained in this report represent those of the principals of RaaS Research Group at the time of publication. RaaS Research Group provides this financial advice as an honest and reasonable opinion held at a point in time about an investment's risk profile and merit and the information is provided by the RaaS Research Group in good faith. The views of the adviser(s) do not necessarily reflect the views of the AFS Licensee. RaaS Research Group has no obligation to update the opinion unless RaaS Research Group is currently contracted to provide such an updated opinion. RaaS Research Group does not warrant the accuracy of any information it sources from others. All statements as to future matters are not guaranteed to be accurate and any statements as to past performance do not represent future performance.

Assessment of risk can be subjective. Portfolios of equity investments need to be well diversified and the risk appropriate for the investor. Equity investments in listed or unlisted companies yet to achieve a profit or with an equity value less than \$50 million should collectively be a small component of a balanced portfolio, with smaller individual investment sizes than otherwise.

The science of climate change is common knowledge and its impacts may damage the global economy. Mitigating climate change may also disrupt the global economy. Investors need to make their own assessments and we disclaim any liability for the impact of either climate change or mitigating strategies on any investment we recommend.

Investors are responsible for their own investment decisions, unless a contract stipulates otherwise. RaaS Research Group does not stand behind the capital value or performance of any investment. Subject to any terms implied by law and which cannot be excluded, RaaS Research Group shall not be liable for any errors, omissions, defects or misrepresentations in the information (including by reasons of negligence, negligent misstatement or otherwise) or for any loss or damage (whether direct or indirect) suffered by persons who use or rely on the information. If any law prohibits the exclusion of such liability, RaaS Research Group limits its liability to the re-supply of the Information, provided that such limitation is permitted by law and is fair and reasonable. **Copyright 2024 RaaS Research Group Pty Ltd (A.B.N. 99 614 783 363).
