Empire Energy Group Limited

To market, to market: EEG secures pipeline MOU

Empire Energy Group Limited (ASX:EEG) is a junior oil and gas producer/explorer, with onshore Northern Territory (NT) and US oil/gas assets. EEG holds the largest tenement position (28.9m acres) in the highly-prospective Greater McArthur Basin, which includes the Beetaloo Sub-basin. With 2Q21's purchase of the Pangaea-EMG Beetaloo sub-basin acreage, EEG generated a material uplift in its stated 2C contingent resources to 199Bcf gas/3.5mmbbls liquids, with significant upside potential still to tap across all tenements. The NT energy basins are fast developing as strategic sources of liquids-rich gas to meet future east coast Australia's energy needs and potential supply for Darwin's expanding LNG export terminals, amid strong policy/funding support from territory and federal governments. Positive look-through data from regional operators, including Origin/Falcon and Santos/Tamboran, add more grist to the emerging Beetaloo Sub-basin commercialisation model. EEG is well funded for its next drilling phase, with \$19mn in federal government grants supporting 3 H-wells in the 100%-owned EP187 tenement. EEG's business case could materially progress over the next 12 months, as more recovery findings and pipeline-carrier/end-user offtake deals take shape, including supporting APA Group's Amadeus pipeline expansion and proposed Mt Isa new-build pipeline.

Business model

Empire Energy Group (EEG), as a junior oil and gas producer/exploration company, is focused on maturing its portfolio of onshore, long-life oil and gas fields. The company holds substantial exploration acreage (28.9mn acres) in the world-class McArthur-Beetaloo basins in the Northern Territory and is actively progressing evaluation activity to support reserve bookings and underpin early gas development opportunities. Success could see first cash flow within 24-36 months (*RaaS estimate*), assisted by LPG liquid "credits". Look-through results from horizontal drilling in adjacent tenements will help define the development model. EEG's business case will also benefit from up to \$19.3mn in funding under the federal government's Beetaloo Strategic Basin Plan to develop infrastructure and drilling programs; plus an additional \$5.37mn in R&D funds.

EEG's APA MOU delivers downstream market access comfort

EEG has inked a transmission and processing MOU with APA Group (ASX:APA), an ASXlisted infrastructure company. APA operates the readily-expandable 1,658km 120TJ/day Amadeus Gas Pipeline (AGP), from the Amadeus Basin near Alice Springs, north to Darwin, primarily feeding local electricity generation. The MOU delivers EEG market access comfort as its upstream business model evolves, while helping support the federal and state policy efforts to develop a gas-based manufacturing hub in Darwin and expanded LNG exports into Asia. APA is separately investigating building fresh "common-user" transmission lines to service east coast markets from the NT to Mt Isa, while enlarging the AGP to support new Beetaloo flows. The AGP already connects with Jemena's 622km 106TJ/day, Northern Gas Pipeline (NGP) at Tennant Creek into Mt Isa, which in turn connects into APA's extensive east coast transmission grid. The APA MOU deal terms do not preclude EEG from seeking pipeline user agreements with the 330km/16 TJ/day Daly-Waters (McArthur River) Gas Pipeline, owned by Power & Water Corporation, which connects into the Amadeus line at Daly Waters. EEG is continuing production testing at Carpentaria-1, preparing for drilling the Carpentaria-2H well and will begin an in-fill 2D seismic survey next week. All activity is targeting a re-evaluation of current resource estimates.

Our mid-point valuation is \$1.04/share (\$622mn)

Our valuation range for EEG is \$400-\$738mn (\$0.64-\$1.19/share), with \$622mn or \$1.04/share at the mid-point. Further look-through results from regional works are to come, while EEG's next phase of drilling and seismic have potential to increase 2P+2C volumes and better define recovery economics to crystallise our asset valuation range.

Gross cash (27 Oct)	~\$30M

Share price performance (12-months)

Upside Case

- EP187 programs accelerate and underpin a substantial Beetaloo business case
- Look-through success provides independent validation of the commercial model and crystallising of value
- EEG drilling success generates high-value, longterm strategic partnerships and funding options

Downside Case

- Gas rates are sub-commercial, negatively impacting regional permit values
- Additional equity financing becomes highly dilutive to per share growth opportunities
- Gas success in NT/Qld puts downward pressure on domestic gas prices, raising the commercialisation threshold

RaaS is the entity providing the authorised AFSL services to you as a retail or wholesale client.

What Financial Services are we authorised to provide? RaaS is authorised to

- provide general advice to retail and wholesale clients in relation to
 - Securities
- deal on behalf of retail and wholesale clients in relation to
 - Securities

The distribution of this FSG by RaaS is authorized by BR.

Our general advice service

Please note that any advice given by RaaS is general advice, as the information or advice given will not take into account your particular objectives, financial situation or needs. You should, before acting on the advice, consider the appropriateness of the advice, having regard to your objectives, financial situation and needs. If our advice relates to the acquisition, or possible acquisition, of a particular financial product you should read any relevant Prospectus, Product Disclosure Statement or like instrument. As we only provide general advice we will not be providing a Statement of Advice. We will provide you with recommendations on securities

Our dealing service

RaaS can arrange for you to invest in securities issued under a prospectus by firstly sending you the offer document and then assisting you fill out the application form if needed.

How are we paid?

RaaS earns fees for producing research reports. Sometimes these fees are from companies for producing research reports and/or a financial model. When the fee is derived from a company, this is clearly highlighted on the front page of the report and in the disclaimers and disclosures section of the report.

We may also receive a fee for our dealing service, from the company issuing the securities.

Associations and Relationships

BR, RaaS, its directors and related parties have no associations or relationships with any product issuers other than when advising retail clients to invest in managed funds when the managers of these funds may also be clients of BR. RaaS's representatives may from time to time deal in or otherwise have a financial interest in financial products recommended to you but any material ownership will be disclosed to you when relevant advice is provided.

Complaints

If you have a complaint about our service you should contact your representative and tell them about your complaint. The representative will follow BR's internal dispute resolution policy, which includes sending you a copy of the policy when required to. If you aren't satisfied with an outcome, you may contact AFCA, see below.

BR is a member of the Australian Financial Complaints Authority (AFCA). AFCA provide fair and independent financial services complaint resolution that is free to consumers.

Website: www.afca.org.au; Email: info@afca.org.au; Telephone: 1800931678 (free call) In writing to: Australian Financial Complaints Authority, GPO Box 3, Melbourne, VIC, 3001.

Professional Indemnity Insurance

BR has in place Professional Indemnity Insurance which satisfies the requirements for compensation under s912B of the Corporations Act and that covers our authorized representatives.

DISCLAIMERS and DISCLOSURES

This report has been commissioned by Empire Energy Group Ltd prepared and issued by RaaS Advisory Pty Ltd. RaaS Advisory has been paid a fee to prepare this report. RaaS Advisory's principals, employees and associates may hold shares in companies that are covered and, if so, this will be clearly stated on the front page of each report. This research is issued in Australia by RaaS Advisory and any access to it should be read in conjunction with the Financial Services Guide on the preceding two pages. All information used in the publication of this report has been compiled from publicly available sources that are believed to be reliable. Opinions contained in this report represent those of the principals of RaaS Advisory at the time of publication. RaaS Advisory provides this financial advice as an honest and reasonable opinion held at a point in time about an investment's risk profile and merit and the information is provided by the RaaS Advisory in good faith. The views of the adviser(s) do not necessarily reflect the views of the AFS Licensee. RaaS Advisory has no obligation to update the opinion unless RaaS Advisory is currently contracted to provide such an updated opinion. RaaS Advisory does not warrant the accuracy of any information it sources from others. All statements as to future matters are not guaranteed to be accurate and any statements as to past performance do not represent future performance.

Assessment of risk can be subjective. Portfolios of equity investments need to be well diversified and the risk appropriate for the investor. Equity investments in listed or unlisted companies yet to achieve a profit or with an equity value less than \$50 million should collectively be a small component of a balanced portfolio, with smaller individual investment sizes than otherwise.

The science of climate change is common knowledge and its impacts may damage the global economy. Mitigating climate change may also disrupt the global economy. Investors need to make their own assessments and we disclaim any liability for the impact of either climate change or mitigating strategies on any investment we recommend.

Investors are responsible for their own investment decisions, unless a contract stipulates otherwise. RaaS Advisory does not stand behind the capital value or performance of any investment. Subject to any terms implied by law and which cannot be excluded, RaaS Advisory shall not be liable for any errors, omissions, defects or misrepresentations in the information (including by reasons of negligence, negligent misstatement or otherwise) or for any loss or damage (whether direct or indirect) suffered by persons who use or rely on the information. If any law prohibits the exclusion of such liability, RaaS Advisory limits its liability to the re-supply of the Information, provided that such limitation is permitted by law and is fair and reasonable.
